CRYPTON<sup>®</sup>

Stain resistant | Bleach cleanable | Antibacterial

Like the villages around Lake Como, our Como has that eye-catching, luxurious, aged look that exudes quality and endurance. Como is made in the U.S. on European bulls and is waxed and hand distressed. The gorgeous depth and clarity of finish can only be found on the finest aniline leathers allowing subtle color variations and natural markings to age and distress gracefully over time. Como is not just designed to be unforgettably beautiful, it has our exclusive Crypton<sup>®</sup> finish for enviable stain and wear resistance.

**Environmental Stewardship:** Como is produced in a tannery which has achieved a gold rating as audited to the Leather Working Group environmental stewardship and traceability standards. Further enhancing its sustainability profile, Como is finished without the use of solvents or lead, emits low VOCs, and has achieved an Indoor Advantage Gold certificate from SCS.

## Technical Specifications

Origin	USA
Raw Material	Top grain, European bovine, vacuum dried
Leather Type	Aniline, protected by Crypton <sup>®</sup>
Hide Size	50 – 55 sq.ft.
Thickness	1.0 – 1.2 mm
Abrasion Resistance	ASTM D7255: CS10 Wheel Taber 500 Cycles/500 gram weight
Light Fastness	ISO 105-B02: Blue Wool Scale ≥ 3
Wet Crocking	ASTM D5053: Class 4
Antibacterial	AATCC 100: 99.9% Reduction of Bacteria – AATCC 4352 Klebsiella Pneumoniae and AATCC 6538 Staphylococcus Aureus
Stain Release	AATCC 130–2000: 5 Rating (Excellent) for Coffee, Wine, Ketchup, Hair Products, Sunscreen, Betadine and Body Fluids; Withstands a 5% bleach solution
Flame Resistance	NFPA 260: Class 1; CAL TB117–2013
Performance Category	2
Cleaning Code	5

## Available Colors (more on next page)

COMOCY-9471 Wheat

COMOCY-9472 Rustique

COMOCY-9492 Seascape

COMOCY-9493 Indigo

## Available Colors (continued)

COMOCY-9494 Slate

COMOCY-9495 Meadow

COMOCY-9496 Java

COMOCY-9497 Fig

COMOCY-9787 Stone

## Performance Category 2

Leathers with Performance Category 2 retain their natural appearance while carrying additional protections against abrasion, staining and color fading. Aniline leathers with some protection and semi-anilines are found here. These leathers are suitable for a wide range of applications across a wide range of wear and stain risk, such as those found in commercial settings and dining areas. Several of these leathers have additional Crypton® protection. More information is available on our website at [cortinaleathers.com/resources/performance/](http://cortinaleathers.com/resources/performance/) and [cortinaleathers.com/resources/crypton/](http://cortinaleathers.com/resources/crypton/).

## Care & Cleaning Code 5

Cortina Leathers with Crypton® provide the industry's greatest stain resistance and cleanability. Stains which can be easily removed include wine, coffee, sunscreen, hair gel, hair mousse, vinegar, blood, urine and most other stains from food and typical soiling. Should a spill occur, blot (pressing gently without rubbing) immediately using clean, dry sections of an absorbent cloth or paper towels. Should soiling remain or for a more thorough cleaning, Cortina Leathers Universal Cleaner High-Tech Wipes® or a solution of lukewarm water and a mild cleaner, such as Ivory® soap or Woolite®, may be used. Dampen a clean white cloth and gently wipe the affected area using a circular motion. Rinse completely with clean sections of cloth which is damp with plain water until all cleaner is removed. Blot dry with paper towels or dry cloth and allow to completely air dry. Repeat the cleaning process as needed, allowing the leather to dry between applications. If necessary, Cortina's running-line Crypton protected leathers can be cleaned with cleaners containing up to a 5% bleach solution (Sodium Hypochlorite). However, most stains can be easily removed using just gentle soap and water or the readily available commercial and household cleaning products listed on our website.

Note: To ensure complete removal of any stain from Crypton-treated leathers, the cleaning process must be undertaken within 60 minutes of any spillage or staining occurring. Successful stain removal will become less possible over time, so always treat spills and stains immediately. Avoid the excessive application of cleaning products on seams or stitching. Visit [cortinaleathers.com/resources/care-cleaning/](http://cortinaleathers.com/resources/care-cleaning/) for more information.

## Warranty

Leathers with Performance Category 2 have a 1 year limited warranty against manufacturing defects. Leathers with Crypton protection also feature a 3 year warranty for stain resistance. See complete details at [cortinaleathers.com/resources/warranty/](http://cortinaleathers.com/resources/warranty/).
