

Traverso

Visualize | Realize | The leather you imagine, and more.

Traverso is meticulously embossed with a crisscross or boxboard pattern. The peaks are machine tipped with a tone-on-tone color resulting in a defined contrast between the embossed and debossed portions of the hide. Traverso gives a distinctive, two-tone look which transforms fine furniture into a unique showcase piece.

Environmental Stewardship: Traverso is lead free, emits low VOCs, and has achieved an Indoor Advantage Gold certificate from SCS.

Origin	Italy
Raw Material	Top grain, aniline drum dyed
Leather Type	Pigmented, embossed
Hide Size	45 – 50 sq.ft.
Thickness	1.0 – 1.2 mm
Abrasion Resistance	ASTM D7255: CS10 Wheel Taber 500 cycles/500 gram weight
Light Fastness	ISO 105-B02: Blue Wool Scale ≥ 5
Wet Crocking	ASTM D5053: Class 5
Flame Resistance	NFPA 260: Class 1; CAL TB117–2013
Performance Category	2
Cleaning Code	4

Technical Specifications

Performance Category 2

Leathers with Performance Category 2 retain their natural appearance while carrying additional protections against abrasion, staining and color fading. Aniline leathers with some protection and semi-anilines are found here. These leathers are suitable for a wide range of applications across a wide range of wear and stain risk, such as those found in commercial settings and dining areas. More information is available on our website at cortinaleathers.com/resources/performance/.

Care & Cleaning Code 4

Semi-aniline and pigmented leathers are resistance to wear, scratching and staining so they require very little maintenance to maintain their beauty over time. General upkeep requires only an occasional dusting with a clean cloth. Periodically, you may wish to gently wipe the leather with a clean, damp cloth to remove accumulated soil and allow it to air dry. Leather conditioners and protectants, such as those by Leather Master® can be used as directed. Should a spill occur, blot (pressing gently without rubbing) immediately using clean, dry sections of

an absorbent cloth or paper towel. Should soiling remain or for a more thorough cleaning, Cortina Leathers Universal Cleaner High-Tech Wipes® or a solution of lukewarm water and a mild cleaner, such as Ivory® soap or Woolite®, may be used. Dampen a clean white cloth and gently wipe the affected area using a circular motion. Rinse completely with clean sections of cloth which is damp with plain water until all cleaner is removed. Blot dry with paper towels or dry cloth and allow to completely air dry. Repeat the cleaning process as needed, allowing the leather to dry between applications. While it is possible to remove many deep stains and soiling from semi-aniline and pigmented leathers, it may not be possible to remove all stains from this natural product. More information is available on our website at cortinaleathers.com/resources/care-cleaning/.

Warranty

Leathers with Performance Category 2 have a 1 year limited warranty against manufacturing defects. See complete details at cortinaleathers.com/resources/warranty/.
